I like the
quickness of
it and I very much like
the **support** of
you guys

I feel like we're all
**supporting
the residents**
and meeting the needs
they have

For feedback, we are
getting it
all at once
and not in drips and
drabs

Its not Chinese
whispers – it's all
seamless and
you get 3 specialities
at the same time

You know we've had
problems and it's
obviously going to
**benefit my
residents**

I feel
**better as a
person and
a nurse**
because we've got the
buffer and the support
for joint decisions
