

In My Place

Dying well, in place of choice, with dignity

In My Place

In My Place is inspired and coproduced by our clients' who wish for compassion at end of life
— and in memory of those who never had that choice.

The Gap We Must Close

- Falls and long lies drive thousands of admissions and bed days in Wales.
 - Long lies (>1 hour) linked to serious harm and long-term care admissions.
 - Over-medicalisation of care; overtreating and over admitting patients in last 2 years of life.
 - Hospital remains the most common place of death; home ≈ 22%.
 - Rising demand for palliative care, rising ~42% by 2040.

The In My Place Model – two parts, one pathway

Rainbow Response (rapid nurse-prescriber team; 2-hour response; 7 days; ~2,347 call-outs/year)

Future Care Planning (FCP across GP practices; directly linked to Rainbow Response; training for carers; “dying well at home”)

***COMBINED SERVICE MODEL *** noting FCP is essential to prevent repeated, unnecessary transfers to A&E during the last years of life. Whilst tailoring healthcare to individual patient needs, preferences, and values.

Impact and Social Value

Target

Rainbow Response
631 people/year

Reduce

435 non-elective
admissions/year

Delivering a
System value:
£6.54m savings
over 3 years

£4.49m retained by
Health Board once initial
investment is paid back

Innovative Risk-Free Funding Model

Bevan
Commission

Today's Reality

NHS spends millions annually on avoidable admissions and bed days in the last 2 years of life.

- Nationally: 4 million bed days and 220,000 emergency admissions for falls in older people.
- In Wrexham: 8,053 ED attendances/year for people over 65, occupying 8,456 bed days.

Shared Values of Investors via Social Finance

Investors like Macmillan & the Alzheimer's Society want to back dignity and sustainability – helping you transform the NHS.

The Opportunity

In My Place offers a risk-free innovation, funded via Social Impact Bond:

- Dashboard and Robust Monitoring supported by Social Finance
- Repayment ONLY if outcomes fully achieved
 - £6.54m savings over 3 years
 - £4.49m retained by Health Board

The Asks?

Billy's story: Billy fell, and lay for 20 hours. But the Red Bag and Future Care Plan ensured his preferences were honoured.

- Endorse *In My Place* as an All-Wales demonstrator.
- Support Health Boards to progress Governance and Commissioning
- Facilitate Bridging Finance Models

Thank you
